

Feather Light

**Comfort
that lasts !**

Feather Light

Redefining comfort with great value.

A good night's sleep is the perfect antidote to our busy lives and it all starts with the perfect mattress. Feather Foam, from the house of Sleepwell, offers a range of mattresses that are ideal for today's fast-moving generation. Each mattress in our range promises long-lasting comfort, support and durability. Of course, topped with great value!

The blend of outstanding firmness, resilience and strong cell structure, make Feather Foam mattresses the perfect choice for those who seek comfort and quality. Each mattress in our range comes with the assurance of 100% pure foam and a minimum warranty of 12 months, ensuring that when you buy a Feather Foam mattress, you buy peace of mind.

From the house of

Backed by an unmatched legacy of over 50 years.

Feather Foam comes from Sheela Group and is one of its most trusted brands. A pioneer in the organised mattress market, Sheela Group is a leader in Polyurethane (PU) Foam and has had a nationwide presence in manufacturing and selling PU Foam since 1971. The flagship brands of the Sheela Group include Feather Foam, Sleepwell, Kurlon, Furlenco, Joyce, and Interplasp. With its wide array of products, the group delivers quality, comfort, and convenience — from essentials to luxury — serving millions of customers across the nation.

Feather Foam mattresses: The preferred choice

Feather Foam is one of the most sought-after brands in the foam mattress segment, offering a plethora of benefits such as:

Outstanding comfort: Feather Foam mattresses are specially crafted to offer quality sleep for fresh energetic mornings.

Long-term durability: Since the foam used is 100% pure, Feather Foam mattresses do not sag and its cell structure ensures greater resilience from damage.

Superior support: Each Feather Foam mattress is a perfect blend of comfort and support. Created with the highest quality of single and dual foam, and a combination of coir and springs, our mattresses ensure excellent comfort for your back.

Great Value: A good mattress is a long-term investment! Feather Foam offers a range of mattresses to suit every budget with a warranty of up to 84 months.

Wide range: Whatever you need, you'll find a Feather Foam mattress that's just right for you! Be it ultra-luxurious, mid-range or budget mattresses, or mattresses designed for your spinal care, that suits what you seek.

India after-sales
service.

The best in technology and innovation

At the Sheela Group, we believe in constantly pushing the boundaries and creating products that are defined by outstanding technology and innovation. Our products are created in our own manufacturing capability spread across 10,000 square feet, backed by our own R&D and design team. Each Feather Foam product features:

Open Cell structure: Each Feather Foam mattress is made with 100% pure foam with open cell structure that facilitates air passage and improves the foam's longevity. This open cell structure ensures that the mattresses do not sag over time and dual foam also offers outstanding back support.

Health Fresh Technology: Feather Foam mattresses come with our trade-marked Health Fresh Technology that keeps the mattress protected against allergens, germs and dust.

Ultra-Resilient Technology: Our innovation extends to creating products that have high resistance to sagging or damage. For this, we use an innovative mix of the highest quality of memory foam, dual foam, coir and springs.

Variable Pressure Foam: An advanced technology with a uniform, open-cell structure made without auxiliary blowing agents. It offers superior comfort, long-lasting durability with up to 50% lower compression set, and eco-friendly performance with virtually zero emissions and a reduced carbon footprint.
