# BRAND VISION

Every organization in this world, irrespective of size and domain, works towards building a prosperous future for itself. We believe that the key to do so is by innovating products and exceeding customer satisfaction.

We at Greenpanel, envision the future of contemporary living spaces and then bring them to life. We pride ourselves in coming up with innovations which help us in achieving our company's vision:

To represent the infinite future possibilities in wood panelling.

Our logo is the perfect depiction of these infinite possibilities with a seamless merging of G & P to form an infinity symbol.

# KEY MILESTONES

# LUXURY IN THE LAP OF NATURE

The modern flooring solutions provided by Greenpanel, make for a lovely setting at home. Peaceful, lush and luxurious- it'll change the way you'll view your indoors.

With Greenpanel Wooden Flooring, it's like living in the lap of nature. Our Wooden Flooring is not just durable, it is eco-friendly too. Plus, they make a style statement in every home they adorn.

# THE NEW WOODEN FLOORING TRENDS EMBRACING NATURE!

As we get more and more attuned to the modern and monotonous nature of urban life, we long more for the beauty and pleasure of living amidst nature. Adopting nature and natural living practices is becoming a fast way of life internationally and it's catching up in India as well.

Wooden floors with their withered, natural look lend authenticity and harmony to living spaces. The style and appearance of your room is determined by the color of your floor. Different shades of wood can match different tastes and personalities.

Real natural tones in Greenpanel Wooden Flooring add timelessness. Lighter shades stand for extra spacious look and feel, warm shades for coziness and darker shades for a dash of luxury.

# THE GREENPANEL WOODEN FLOORING ADVANTAGE

**Permaclick™  
Interlocking System**

The most advanced wooden flooring interlocking system available in the country gives Greenpanel Wooden Flooring an unmatched quality and finish. It makes the installation process easy.

**Scratch-  
Resistant**

This specially engineered surface coating makes wooden flooring manifold stronger and resistant to surface scratches.

**Water-  
Resistant**

The top surface treatment makes it non-porous and the Permaclick™ Technology does not allow the water to seep in, making the floor water-resistant.

**Hygienic & Easy  
To Maintain**

Our surface protection technology ensures dirt doesn't cling to your floor while our precise interlocking system binds the planks perfectly, allowing absolutely no room for dust to accumulate.

**100% HDF  
Base Core**

The High Density Fibreboard at the core of Greenpanel Wooden Flooring makes them stronger, sturdier and more durable than any other wooden flooring.

**Warranty**

There is a warranty of 10 years on the Prima collection and a warranty of 15 years on the Persona collection.

# PERMACLICK™ THE MOST SUPERIOR CLICK LOCK SYSTEM

Unlike many floors, Greenpanel Wooden Flooring do not have beveled edges or a V-Groove, but a 90-degree edge between two planks.

Due to imperfections in the manufacturing process of unlicensed interlocking systems made by other manufacturers, two adjoining wood planks do not sit level and are at different heights.

This results in the edge of one plank being higher than that of its adjoining plank (FIG.1). In such a situation, a 90-degree angle results in a very sharp edge, creating risk of injury when walking barefoot or there is a risk of tripping.

Due to the unique Permaclick™ interlocking system of Greenpanel Wooden Flooring, the edges are always in level.

There are no surface imperfections or edges sticking out (FIG.2).

## 90-DEGREE EDGE

## IMPERFECT SURFACE (FIG.1)

## PERFECT SURFACE (FIG.2)

# MAINTENANCE & CARE

Greenpanel Wooden Flooring is easy to clean and maintain. The laminated top layer on the planks makes it spick and span year after year. These floors don't need any special cleaning agents or methods, just a squeezed out damp mop will do.

Sweep the floor using a standard dust mop to remove dirt and dust.

No need to use wax, polish, oil or varnish on the floor.

When necessary, wipe the floor with a squeezed out damp cloth, using only water.

Do not use soap-based detergents or household cleaners to clean the floor.

Do not use abrasive cleaners on the floor.

In case something spills, simply wipe the floor with a dry cloth.

Use felt pads/rubber feet under furniture legs to avoid scratching.

Entry mats help in collecting sand, dirt, grit and other substances that may harm your floor.

# INSTALLATION PROCESS

Laying Greenpanel Wooden Flooring is extremely easy with the unique Permaclick™ technology.

## **Easy Installation**

Greenpanel Wooden Flooring has the unique Permaclick™ interlocking system which ensures that the planks effortlessly click together.

## **Easy to Install on Existing Floor**

Greenpanel Wooden Flooring can be laid over any type of subfloor like concrete, stone, vinyl or ceramic as long as it is clean and dry.

# THE BEST ACCESSORIES TO GO WITH

Add the perfect finishing touch with Greenpanel Wooden Flooring skirting and profiles. To complete the look of your stunning floor, you can choose from a wide range of designs that match every floor and style.

## UNDERLAY

Greenpanel premium 2-in-1 underlay is a combination of a 2 mm underlay and a PE foil. With the ease of just rolling out the underlay, you can level the subfloor irregularity, as well as reduce the risk of transferring humidity from the subfloor to the floor panels.

## SKIRTING

Provides finish to the floors by cladding the lower part of the adjoining walls.

## STAIR NOSE

Covers the open edges of the floor planks and provides a seamless transition between the horizontal and vertical sections of the staircase.

## T-PROFILE

Connects two sections of the floor at the same height.

## REDUCER

Provides a smooth transition from the floor to a lower surface such as tiled floor or carpet.

## BEADING

Creates a border between the floor and adjoining walls. Can be used as an alternate to skirting where skirting is not used.

# GREENPANEL WOODEN FLOORING WARRANTY

Greenpanel Wooden Flooring is a high quality product manufactured by Greenpanel Industries Limited. Our quality standards are backed by extensive warranty coverage. Greenpanel Wooden Flooring is designed to provide many years of resistance to foot traffic friction without showing signs of significant wear and tear. This is under the conditions provided that no abrasive substances (salt, sand and glass) are present on the surface, the floor has been installed according to Greenpanel Industries Limited guidelines and the floor has been regularly maintained according to the manufacturer's instructions. See maintenance and care guidelines.

## LAMINATE FLOORING

On fulfilment of the below conditions, Greenpanel Industries Limited grants the following warranty on its Greenpanel Wooden Flooring:

**Prima collection - 10 years**

**Persona collection - 15 years**

---

## THE WARRANTY COVERS THE FOLLOWING:

### Stain Resistance

Greenpanel Wooden Flooring is resistant to normal household stains on the decorative surface. The floor will not stain due to spills from beverages, when removed and cleaned promptly and properly.

### Fade Resistance

Greenpanel Wooden Flooring is resistant to fading from exposure to indirect sunlight or normal artificial light with the exception of natural ageing.

### Wear Resistance

With respect to claims on surface wear-through, an area on the floor panel is considered worn out only if the surface wear is readily visible (ie. approximately 9.7 square cm) and the decorative layer has been exhausted until the core material is visible. Claims for surface wear-through are unacceptable if the surface wear-through occurs at the edges/joints of the panel. Gloss reduction is not considered to be surface worn-through.

### General Warranty Conditions

The warranty does not cover damage due to transportation, storage, installation, extreme indoor conditions (excessive dryness or humidity), pets, insects, water, negligence, or any other similar cause. The warranty covers only defective products exceeding 5% in m<sup>2</sup> of the total quantity purchased by the customer (excluding losses resulting from cutting boards during installation).

### Obligations by Greenpanel Industries Limited

Under the terms of this warranty, the responsibility of the manufacturer, Greenpanel Industries Limited, is limited to any of the following measures, at Greenpanel's sole discretion and without any other form of compensation:

- Supply the material necessary to replace the defective boards.
- Pay compensation equivalent to the purchase cost of the defective boards.
